

BLOG POSTS VIA EMAIL

Your Help Sales Marketing .com.au

Table Of Contents

Contents

Page	Step Numbers
 01	1 to 2
 02	3 to 4
 03	5 to 6
 04	7 to 7c
 05	8 to 10a
 06	11 to 13

1. Open a fresh email.

2. Copy the email address that we created especially for you to use while sending emails to create your blog posts.

3. Place this email into the address bar in your email.

Note: Please keep your blog post email address secret and secure so that nobody else can add blogs to your website.

4. In the subject line, type in what your blog posts title will be.

Note: Having a good keyword title that matches your content is valuable.

5. Add your content into the body of the email, keeping in mind to set it out, as easily read content. Also, once you have created your content for your blog post, check for grammar and also spelling errors.

6. Remove your signature from the bottom of your email if you wish.

7. Add a featured image. This image will be shared first on your site and also throughout your social media channels

a. You can add via INSERT FILE inside your email.

b. You can drop and drag images into your email.

c. Or copy and paste via a Windows program or similar (ex: Word)

8. SEND Email

9. After sending you may wish to click the Send/Receive button on your Email program. So your email is sent as soon as possible.

10. Your Blog Post will take between 30 minutes and 2 hours to become live on your site.

a. You will need to refresh your website blog page to see the latest blog post show up.

THANK
YOU
